

Contd.../

I do appreciate your Group's comments and will pass your information in particular to the Family Law Specialist Panel for their information.

In the meantime I would confirm that the Society are conscious of the ever changing landscape in family law matters and the need for their members to keep up to date with that changing landscape.

Yours sincerely

A handwritten signature in black ink, appearing to read 'James Ness', with a long horizontal flourish extending to the right.

James Ness
Deputy Director (Professional Practice Department)
